

How do you complain about the police in connection with their behavior, e.g. violence?

Please be aware for this procedure is not applicable in cases of deprivation of liberty. We have made a different guide for those cases.

When you want to complain about the behavior of the police, you can do the following:

1. RUSK offers free counseling to such complaints, so we recommend going to them.
2. Otherwise fill out a form at DUP (The Independent Police Prosecuting Authority) DUP are not as independent as they claim. Unfortunately, it is very rare that one's case goes through. But you can complain by:

- Go to their website: <https://politiklagemyndigheden.dk/kontakt/>
- Down at the bottom of the website above the heading Modtagelse af post fra Politiklagemyndigheden, you can find a link called "Klage- og anmeldelsesblanket". You click on that.
- You then log in with mitID.
- You can add more names and add power of attorneys.
- Under the heading "Beskrivelse af episoden" you can insert a link to a possible video or attach images.
